### General Overview

The Company's objective is to further entrench itself as a leading force in the "mid" and "down-stream" sectors of the Oil and Gas industry. Our success has been based on uncompromising honesty, integrity, reliability, flexibility, customer orientation, quality, value and timing and we will continue to base our business on these principals going forward.

### COMPETITIVE ADVANTAGES

- Vast intellectual capital in the industry
- Competitive pricing by virtue of negotiated supply agreements and streamlined over head structure
- We engage and understand our Clients specific requirements and have the capacity to provide supply-side solutions specifically tailored to meet each Buyers criterion.
- A proactive rather than reactive approach to business and our Clients requirements
- Management structured to expedient decision making

### SOURCE OF PRODUCTS

Direct product from Refineries in Southern Africa, Russia and the Middle East as well as strategic alliances with selected Crude and Refined Petroleum Traders across the globe.
